CONGRESSMAN BOOHER SAYS HE WILL STAND OR FALL BY RECORD

## BRYAN THE PROGRESSIVE

**Nothing Good in Teddy's Platform But What Had Been Already Proposed and Accepted by Democracy.**

Hon. Charles F. Booher, representative in congress from this district, spoke to a good crowd at the court house Tuesday evening. His coming was not known until after noon, and it was decided by his friends to call on him for a speech.

Mr. Booher succeeded in getting excused for one week from congress, during which time he will hake a hurried tour of the district and return to Washington next Monday. During the past sixteen months congress has been in session thirteen months.

During this long siege Mr. Booher has been present and has answered every roll call until this week.

He came here in an auto during the afternoon and devoted the limited time he had to calling upon the Democratic voters and his old friends. He left Wednesday morning for Atchison county. From there he will go to Holt county, and Saturday will return to this county to attend the Barnard picnic.

His speech Tuesday evening was a clean, dignified presentation of Democratic doctrines and a forceful recital of the excellent work of the present congress. He made no mention of his opponent further than to say that every man has the right to aspire to the high honor of an election to congress, and it is for the people to say who can serve them best.

He spoke of the excellent ticket the Democrats had nominated at Baltimore, and urged every Democrat to give Wilson and Marshall his loyal support and leave it to the Republicans to settle their own troubles. He said Champ Clark did not decline the vice presidency because of pique or disappointment, but because he now occupies a place more important than the vice presidency, and his friends believed he could be of greater service to his country by remaining where he is.

He spoke of the Bull Moose or "progressive" movement being engineered by Colonel Roosevelt, and declared that the Democratic party has been a progressive party all along. He declared that William J. Bryan had been the greatest progressive of the age, and that every desirable thing proposed by the Roosevelt party had already been proposed by Mr. Bryan and accepted by the Democratic party.

He discussed the fallacies of the protective tariff, which taxes ninety-nine men to enrich one. He showed how the Republicans had been driven from pillar to post to defend it, first to protect infant industries, next to protect the home market, and lastly to benefit the working man, and how the party had at last been forced to admit the fallacy of it all and declare for a revision downward.

He told of the work of the present congress, in which he had participated; of the passage of the tariff bills which the president had vetoed and their passage through the house again this session, of the free sugar bill; the bill to improve the public roads; the excise bill to tax big incomes in order that the burden may be lightened on those of moderate means; the bill for direct election of senators; the corrupt practice act, which compels candidates for congress to file their expense accounts at different periods during the campaign; various bills in the interest of both labor and employer, and a number of others.

He explained his bill which passed the house and is now in the senate on convict labor products, and he congratulated the people of Maryville on the beautiful new postoffice now being erected. He said he introduced the bills that made the building possible, but claimed no especial credit because he deemed it his duty to do everything possible for his district.

He left his record, both public and private, an open book, and he asked that it be examined and considered, and if found worthy he would like to be returned to congress and continue the work he has begun.

## THREE IN ONE FAMILY INJURED IN ACCIDENT

### Mrs. W. R. Wells, Son Burman, and Daughter Marie Caught in Overturned Auto

### After Receiving Emergency Treatment They Were Taken to St. Joseph, Where Mother and Daughter are in Serious Condition

A distressing automobile accident occurred Wednesday morning about 9 o'clock, one mile and a half south of Savannah, on the Savannah-St. Joseph road, in which three Maryville people were seriously injured. They are Mrs. W. R. Wells and her son and daughter, Burman Wells and Miss Marie Wells.

The party left Maryville Wednesday morning about 7 o'clock in the Wells Mitchell auto for St. Joseph to spend the day. Burman Wells drove the car which was occupied by his mother and two sisters, Misses Marie and Kathleen Wells, and Mrs. Wells' sister, Mrs. I. W. Nixon.

The car was moving along at a moderate speed, it is said by those who saw the accident, when a tire burst, turning the car completely over and lighting again on its wheels and turning over on its side.

The women were thrown out as the car turned over, and Burman Wells was caught under the car as it turned on its side. He was able to crawl out from under the car, but soon fainted from the loss of blood caused by a gash on the back of his head, about seven inches long, an artery being cut.

Mrs. Wells suffered a concussion of the brain, beside a bad cut near her left eye, where an artery was severed, and the flesh was torn from the left cheek bone. Her right eye was also badly bruised.

Miss Marie Wells suffered bad bruises all over the body and her right foot was crushed, the bones protruding through the flesh. Several pieces of bone were removed by the physicians, and her mangled foot placed in splints.

Mrs. Nixon and Miss Kathleen Wells were uninjured.

The accident was seen by threshers at work in the field of Joseph Bright, a farmer, whose residence is located but a short distance from the scene of the accident. The men and Mr. Bright and his family went to their assistance and the injured parties were removed to his home.

Dr. Meyers and Dr. Jesse of Savannah were called and administered to them. They worked with their patients until 1 o'clock in the afternoon, when they took them to Ensworth hospital at St. Joseph in cars. They regard Mrs. Wells' injuries and those of her daughter, Marie, the more serious, and think that Burman Wells will be able to recover from his injuries before long. His weakened condition was due principally from the loss of blood. All three of the patients remained unconscious until about fifteen minutes before the physicians left with them for St. Joseph.

News of the accident was received in Maryville about 10 o'clock, and two other sons of the injured women, Harry and Robert Wells, left immediately for Savannah to bring home their brother, Burman, as he was the only one of the party that was known to be injured at that time.

Five cars were used in conveying the injured parties and the attendants to St. Joseph. Mrs. Wells was placed in Dr. Meyers' car and attended by him on the trip. Miss Marie Wells was placed in Dr. Jesse's car and attended by him, and Burman Wells was taken in a car by his brothers. The two other cars carried Mrs. Nixon and Kathleen Wells and others who came to assist the physicians.

The most anxious one among the relatives and friends in this city is Mr. W. R. Wells, husband and father, who remained at home. As known, Mr. Wells recently underwent two serious surgical operations in St. Luke's hospital in Chicago, and is only just recovering from the effects. His aged brother, Uncle Charley Wells of this city, is in St. Francis hospital slowly recovering from a runaway accident of last Friday morning, in which he was thought to be fatally injured.

Mr. I. W. Nixon called Ensworth hospital at 1:30 o'clock Wednesday afternoon to inquire about the victims of the accident. He talked with Mrs. Nixon, who tried to assure him that the accident has not resulted nearly so serious as was reported here, and said that physicians at the hospital did not think that the injuries to Mrs. Wells and her son and daughter were dangerous.

At 2:30 o'clock Miss Kathleen Wells called her father at his home in this city to tell him that they were not as bad off as was reported to him. She told him that Marie's injuries were more serious than the others, and that Burman and herself did not lose consciousness at any time. She said Mrs. Wells, Marie and Mrs. Nixon were all rendered unconscious when thrown from the car, and that Mrs. Nixon also sustained a few bruises and cuts about her eyes.

Mr. W. R. Wells will probably go to St. Joseph this afternoon.

### MRS. NICHOLS DEAD.

**Former Maryville Woman Died at Daughter's Home, Near Ravenwood.**

Mrs. Sarah J. Nichols, wife of C. A. Nichols, formerly of Maryville, died early Wednesday morning at the home of her daughter, Mrs. David Crater, four miles southwest of Ravenwood, from a stroke of paralysis she suffered last Saturday.

Mrs. Nichols was 69 years old. She and her husband had made their home with their daughter since leaving Maryville several years ago.

The funeral services will be held Thursday morning at 10 o'clock at the Crater home, conducted by Rev. J. Arthur Dillinger. Burial will be in Miriam cemetery at Maryville.

---

Mrs. T. W. Costello and daughter, Miss Mary, of Conception Junction, came to Maryville Wednesday morning to spend the day shopping. Mrs. Costello returned home Wednesday noon, but Miss Mary remained for a day's visit with her cousin, Miss Marguerite Cummins. Mrs. Costello was accompanied home by her niece, Miss Laura Johnson of Stanberry, who has been visiting relatives in the city.

During this contest Clarence King, who is quite a horseman, became interested in the pig's age, and in trying to see its teeth had a finger severely torn, but no bad results are anticipated.

Messrs. Tremel and VanWormer will open their rink in Bedford next Friday night, and a number from here expect to attend the opening. Everyone here was sorry to see the rink leave, for the proprietors had gained considerable popularity because of their method in conducting the rink and their pleasant, gentlemanly conduct. We can heartily recommend these young men to the people of Bedford and vicinity.

"The skating rink is gones," is the lament of most of the young people, and a number of the elder ones, for Saturday night was closing night at the rink and Monday evening only dead grass marked the spot where it stood. There was an unusually large crowd Saturday night, being somewhere near five hundred people, skaters and audience. In the best lady skater [illegible] several good skaters were barred, having learned on other rinks. Miss Cora Fitch was awarded the prize.

Kansas City, July 31.—The state convention of the Progressive party convened at 4:30 p. m. and Judge Albert D. Nortoni of the St. Louis court of appeals, elected temporary chairman, called the convention to order.

It sat patiently through a hot summer day and with a directness, harmony and singleness of purpose more characteristic of crusaders than of delegates to a political convention, did the work that was waiting.

There was not a discordant note from the time the delegates marched into the Shukert theater, coats on arms, cheering for Roosevelt, until they adjourned.

**Flags Were Everywhere.**

The Shukert theater was profusely decorated with flags. No political convention ever had a more beautiful setting.

There were differences of opinion in the convention. Many delegates wanted to nominate a state ticket. Many wanted to adopt a complete platform of principles. But on all essential points of Progressivism the delegates were a unit and did what they came to do with a fervor that was little less than exaltation.

**For Woman Suffrage.**

When the convention adjourned it had nominated presidential electors instructed to vote for Theodore Roosevelt for president. It had elected delegates to the national convention of the Progressive party in Chicago August 5, instructed to vote for his nomination. It had selected a state central committee, which is to organize the Progressive party in Missouri and place the names of its candidates on the ballots. It had adopted resolutions in the spirit of Roosevelt's declarations for social and industrial justice and adopted a declaration of principles that placed it squarely in line with the Roosevelt program. That declaration even included an indorsement of suffrage for women.

**Turned Down Taft Elector.**

So with the initiative, referendum and recall. A delegate rose to say there were those who wouldn't hesitate at the initiative or referendum, but who somewhat doubted the wisdom of incorporating the recall at this time. But the convention wanted them all, and said so, and on the adoption of the resolutions as a whole there was no dissenting voice.

There was manifested with all the cheerful harmony and spirit of fellowship a certain sternness of purpose in the convention that could not fail to be noticed. Chiefly it was in evidence in the insistent refusal of the delegates to permit a Taft elector to go on the Roosevelt ticket, although it was known that the elector in question was prepared to vote for Roosevelt. The convention would accept no explanation on that point. It would listen to no compromise. It stood out for all argument until it had its way, and then all its good nature came out in a twinkling.

**Adjourned Till Morning.**

When the convention began to wrestle with the problem of whether or not state, congressional and county Progressive tickets should be placed in the field for the November election, ex-Senator Rollins of St. Louis said it would do so many issues vital to success of the Progressive party the convention should adjourn until morning. After several motions it was finally decided to discuss the question for an hour and then adjourn until morning.

Mrs. J. H. Whedbee of Carthage, Mo., who has been visiting her son at Albany will arrive in Maryville Wednesday evening for a visit with Mr. and Mrs. John Bantz and other friends in Maryville.

### HOME ENDORSEMENT.

**Hundreds of Maryville Citizens Can Tell You All About It.**

Home endorsement, the public expression of Maryville people, should be evidence beyond dispute for every Maryville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. A. Weidman, 403 E. Thompson street, Maryville, Mo., says: "I gladly re-endorse Doan's Kidney Pills and confirm the former testimonials I have given in their praise. I had pains in my kidneys and a dull ache across my back. These troubles were always worse after any change in the weather or when I took cold. I used different remedies with little success and was in despair when I had Doan's Kidney Pills recommended to me. I procured a box at Love's drug store (now Love & Gaugh's drug store) and they were just what my run down system needed. In less than a month I was free from the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

### DRAGGED BY A BULL.

**Charles Barrows, Living West of Maryville, Had Frightful Experience Wednesday Morning.**

Charles Barrows, a young farmer living four miles west of the city, met with a frightful experience Wednesday morning about 7 o'clock while leading a bull to his home from the farm of Thurman Dickerson, from whom he had purchased the animal.

Mr. Barrows' farm lies a mile north of Mr. Dickerson's, and he was leading the bull through Mr. Dickerson's pasture, which joins his place. He was leading the animal by a long rope with a loop at the end. The animal started to run and the rope slipped through his hands within a few feet of the loop, at the end in which his foot caught, throwing him to the ground. The animal kept on running and Mr. Barrows was dragged along on his stomach for a quarter of a mile, when the animal tired himself out running and stopped and looked at Mr. Barrows as though wondering what he was there for.

Mr. Barrows scrambled to his feet, thankful for his life. He turned the new purchase into his own pasture and then came to Maryville to Dr. F. M. Martin and had his wounds dressed. His hands and fore parts or his arms were badly skinned and bruised, and the skin was off his left side. Otherwise he was uninjured, and considered himself very lucky.

# STEAMERS CRASH IN DENSE FOG

Three Hundred Vacationists Returning Home, in Peril.

## PASSENGERS ARE TRANSFERRED

**Many Women and Children Thrown Into Sea But all Are Rescued—Neither Boat Equipped With Wireless.**

Boston, Mass., July 31.—More than 300 returning vacationists from Maine resorts went through an ocean accident off the New Hampshire coast amid fog and darkness when the side wheel steamer City of Rockland, from the Kennebec river for Boston, had her bow crumpled in a collision with the collier W. M. Chisholm.

Stanch bulkheads kept the Rockland afloat, while a smooth sea and the fact that the Chisholm swung alongside immediately after the collision enabled the passengers to be transferred to the collier without loss of life.

**Lifeboats Launched.**

At dawn the steamer Belfast came up and taking the City of Rockland's passengers off the Chisholm, landed them in Boston. The City of Rockland, although sunk to her guards, remained afloat and during the day was towed, stern first, to a dock yard at East Boston.

A few of the passengers suffered minor injuries from the collision. A score, mostly women and children, were thrown into the sea when the bow of a life boat fell from its davits. All were rescued. Six lifeboats were launched during the few minutes of excitement following the collision, but a majority of the passengers scrambled over the side of the collier from the deck of the Rockland.

**Speed Had Been Reduced.**

There was some confusion and considerable shouting, while the din of the distress whistles of the Rockland and the Chisholm, neither having wireless equipment, added to the excitement until the Belfast came plunging out of the mists to the rescue.

Because of the heavy fog the Rockland's speed had been reduced, when, about midnight, a whistle was heard directly ahead. A few minutes later the two vessels came together, the Rockland ramming the Chisholm on the starboard side near the bow. Both boats recoiled from the blow, the Chisholm with a big dent in her side, while the Rockland lost 25 feet of her bow as cleanly as if it had been sliced off by a knife. It took about an hour to transfer the passengers to the collier.

## CANADIAN ORE DOCKS GUARDED

**Entire District Under Martial Law as Result of Strike Riots—Homes Searched for Weaqons.**

Port Arthur Ont., July 31.—The entire Canadian Northern Coal and Ore Dock district here was put under martial law as a result of riots following the strike of the dock laborers in conjunction with those at Duluth and Superior.

Three hundred soldiers from the nineey-fourth regiment searched the homes of the strikers for weapons, following the reading of the riot act by Mayor Ray. Revolvers, knives and water-soaked slings were confiscated.

The men demand 30 cents an hour instead of 25 cents.

Angus McClellan, chief of police, who suffered a fractured skull in a clash with strike sympathizers, is still in a critical condition.

## WOMEN BECOMING POLITICIANS

**Nine Have Filed as State Candidates in California, and One for Congress.**

Sacramento, Cal., July 31.—Four hundred and sixty-five persons have filed with the secretary of state their petitions of candidacy for nomination at the primaries to be held in September. Of these there are eight women candidates for the state assembly, seven Socialists and one Democrat, and one woman candidate for congress, Mrs. Henen M. Stoddard of San Diego.

**Wheat Grades Changed.**

Topeka, July 31.—The Kansas grain grading commission held its annual meeting and fixed the qualifications for the different grades of wheat. Only minor changes were made in the grades of previous years. The only important change was that No. 2 dark hard winter wheat should not contain more than 10 per cent of yellow berries. Heretofore dark hard winter wheat could not have a single yellow berry or it would be thrown out of that grade.

**Gave Away Fruit.**

Fort Smith, Ark., July 31.—Wagon loads of golden peaches and luscious melons were given away free here when Fort Smith celebrated its first annual "peach and melon day" with 10,000 visitors. Two hundred members of the militia from Ola, Magazine, Paris and Dardanelle, now encamped at South Fort Smith, led a big parade.

# HOUSE REJECTS TARIFF BILLS

Sugar, Excise and Wool Measures Go Back to Senate.

## AMENDMENTS NOT ACCEPTABLE

**Entire Program Will be Discussed in the Morning and Some Concerted Action Will Probably be Decided Upon.**

Washington, July 31.—With machine like precision, the house forced over all opposition, three tariff measures back upon the senate. They were the wool and sugar tariff revision bills and the excise tax bill, and all were sent back with none of the senate's amendments accepted.

On the wool bill no conference was asked. The house left it flatly to the senate whether that branch desired to pursue the legislation further.

**The Senate's Dilemma.**

The senate is still in a quandary as to what program it will adopt in further consideration of the three bills. The regular Republicans were reported to be favorable to a plan whereby they would absent themselves from the chamber, thus giving the Democrats a chance to pass the measures and send them along for the presidential veto. The Republican "insurgents," however, opposed this scheme and insisted that the differences where they are reconcilable, be threshed out in conference.

Senate Democrats, enjoying the Republican disagreement, will seek to take advantage of it. Some concerted plan of action probably will be adopted in the morning when the senate Democrats caucus on the wool measure. It is admitted that the whole tariff program will be discussed. The wool tariff revision bill was the first taken up in the house. There was virtually no debate. Motions by Mr. Payne and Representative Crumpacker of Indiana to concur in the senate amendments were voted down, 159 to 78, and 172 to 56. The last named vote automatically rejected the senate changes.

**Warned Against Free Sugar.**

Mr. Underwood next called up the excise tax measure. He charged the senate with having sought to kill the measure by tacking on as amendments the repeal of Canadian reciprocity and a provision for the continuation of the tariff board. The Canadian reciprocity amendment was lost, 127 to 107, while that providing for the tariff board met the same fate, 150 to 98.

The house free sugar bill was reached last. Representative Payne defended the amendment bill and warned the Democrats that they were seeking to sign the death warrant of the beet sugar industry in the country by taking off the duty.

The house voted for a conference, 144 to 84. The speaker then named as managers for the house in the conference representatives Underwood, Harrison of New York, Kitchin of North Carolina, Payne of New York and McCall of Massachusetts.

## SOCIALIST SPEAKER IS SOUSED

**Georgia Fire Department Turned Hose on Woman Lecturer and Her Audience.**

Tallapoosa, Ga., July 31.—In the midst of a socialistic lecture here Mrs. Kate Richards O'Hare of St. Louis was drenched with water and her audience dispersed by the fire department.

Standing in a motor car Mrs. O'Hare was delivering a bitter denunciation against the employment of children in cotton mills. Mayor Pearce ordered the marshal to place the woman under arrest, but it is said that official refused to carry out the order.

In the excitement someone turned in a fire alarm. The firemen responded quickly and the meeting ended abruptly when a powerful stream of water was directed into the center of the throng.

## CHICAGO BEER SALES DECREASE

**Increased Use of Buttermilk Causes Marked Falling Off in Business of Breweries.**

Chicago, July 31.—Consumption of beer in Chicago in the fiscal year ending June 30 last, fell off 35,000 barrels, according to the report of the local branch of the internal revenue department just made public. The decline in the sales of beer has been noticeable for months, according to dealers, who attribute it both to the high cost of living and to the use of buttermilk as a substitute drink. There was a decline also in the sale of internal revenue stamps for cigars amounting to $13,000.

**Wreck Killed 1,800 Sheep.**

Boise, Idaho, July 31.—One man was killed, seven injured and 1,800 sheep were killed when a stock train on the Idaho Northern railroad was derailed near Guffey, Idaho. The engine rolled down an embankment, taking 14 loaded stock cars with it. The man killed was L. V. Evans of Boise, a brakeman on the train. None of the injured will die. All were members of the [illegible] crew.

**Took a Ride to Ravenwood.**

To the Democrat-Forum: At the kind solicitation of Ed Wallace, and seated behind one of John Tilson's best teams, we lit out for Jackson township, arriving at Jo Fogan's. We inquired of the landlady for the boys, and were directed to the hay field, where we found a force of men at work, and after a little talk we drove on to Richard McMahan's and found him busy in the grain field. He reports a great crop of small grain of a fine quality, with a good promise of a good corn crop. From here we drove to Ex-Judge W. T. Jackson, where we stopped, and being requested to take dinner, and it being high noon, and a reporter was never known to miss a meal or pay a bill, we complied with the request and refreshed the inner man. It was not of our volition that we stopped, but to our delectation. We enjoyed the hospitality accorded us on the occasion. Miss Pearl Jackson stands second to none in the culinary department, and to her we extend our thanks for the repast. Mrs. Jackson had her hands full attending two sick boys. Mr. Jackson's palatial residence stands on a high eminence overlooking the surrounding country for miles. "The babe on the Platte," Ravenwood, can be seen, and Mr. Jackson is president of the bank at that place, and finds time to look after his 1,800 acres of land, and is now feeding 126 steers and 250 head of hogs.

Taking our departure, we headed for Ravenwood, passing many fine farms in a high state of cultivation, with great crops of wheat and oats, which was mostly threshed, and the hay crop was never better. Arriving at Ravenwood we called on many of our old friends, David Flynn, F. H. Burns, Benton Smith, Madison Goodson and Emmett Bishop and others, which we were glad to see. We lingered until late, when we departed for home, and we enjoyed out ride very much.

CONGRESSMAN BOOHER SAYS HE WILL STAND OR FALL BY RECORD

## BRYAN THE PROGRESSIVE

**Nothing Good in Teddy's Platform But What Had Been Already Proposed and Accepted by Democracy.**

Hon. Charles F. Booher, representative in congress from this district, spoke to a good crowd at the court house Tuesday evening. His coming was not known until after noon, and it was decided by his friends to call on him for a speech.

Mr. Booher succeeded in getting excused for one week from congress, during which time he will hake a hurried tour of the district and return to Washington next Monday. During the past sixteen months congress has been in session thirteen months.

During this long siege Mr. Booher has been present and has answered every roll call until this week.

He came here in an auto during the afternoon and devoted the limited time he had to calling upon the Democratic voters and his old friends. He left Wednesday morning for Atchison county. From there he will go to Holt county, and Saturday will return to this county to attend the Barnard picnic.

His speech Tuesday evening was a clean, dignified presentation of Democratic doctrines and a forceful recital of the excellent work of the present congress. He made no mention of his opponent further than to say that every man has the right to aspire to the high honor of an election to congress, and it is for the people to say who can serve them best.

He spoke of the excellent ticket the Democrats had nominated at Baltimore, and urged every Democrat to give Wilson and Marshall his loyal support and leave it to the Republicans to settle their own troubles. He said Champ Clark did not decline the vice presidency because of pique or disappointment, but because he now occupies a place more important than the vice presidency, and his friends believed he could be of greater service to his country by remaining where he is.

He spoke of the Bull Moose or "progressive" movement being engineered by Colonel Roosevelt, and declared that the Democratic party has been a progressive party all along. He declared that William J. Bryan had been the greatest progressive of the age, and that every desirable thing proposed by the Roosevelt party had already been proposed by Mr. Bryan and accepted by the Democratic party.

He discussed the fallacies of the protective tariff, which taxes ninety-nine men to enrich one. He showed how the Republicans had been driven from pillar to post to defend it, first to protect infant industries, next to protect the home market, and lastly to benefit the working man, and how the party had at last been forced to admit the fallacy of it all and declare for a revision downward.

He told of the work of the present congress, in which he had participated; of the passage of the tariff bills which the president had vetoed and their passage through the house again this session, of the free sugar bill; the bill to improve the public roads; the excise bill to tax big incomes in order that the burden may be lightened on those of moderate means; the bill for direct election of senators; the corrupt practice act, which compels candidates for congress to file their expense accounts at different periods during the campaign; various bills in the interest of both labor and employer, and a number of others.

He explained his bill which passed the house and is now in the senate on convict labor products, and he congratulated the people of Maryville on the beautiful new postoffice now being erected. He said he introduced the bills that made the building possible, but claimed no especial credit because he deemed it his duty to do everything possibor his district.

He i his record, both public and private an open book, and he asked that he examined and considered, and if and worthy he would like to be retied to congress and continue the wohe has begun.

## THREE IN ONE FAMILY INJURED IN ACCIDENT

### Mrs. W. R. Wells, Son Burman, and Daughter Marie Caught in Overturned Auto

### After Receiving Emergency Treatment They Were Taken to St. Joseph, Where Mother and Daughter are in Serious Condition

A distressing automobile accident occurred Wednesday morning about 9 o'clock, one mile and a half south of Savannah, on the Savannah-St. Joseph road, in which three Maryville people were seriously injured. They are Mrs. W. R. Wells and her son and daughter, Burman Wells and Miss Marie Wells.

The party left Maryville Wednesday morning about 7 o'clock in the Wells Mitchell auto for St. Joseph to spend the day. Burman Wells drove the car, which was occupied by his mother and two sisters, Misses Marie and Kathleen Wells, and Mrs. Wells' sister, Mrs. I. W. Nixon.

The car was moving along at a moderate speed, it is said by those who saw the accident, when a tire burst, turning the car completely over and lighting again on its wheels and turning over on its side.

The women were thrown out as the car turned over, and Burman Wells was caught under the car as it turned on its side. He was able to crawl out from under the car, but soon fainted from the loss of blood caused by a gash on the back of his head, about seven inches long, an artery being cut.

Mrs. Wells suffered a concussion of the brain, beside a bad cut near her left eye, where an artery was severed, and the flesh was torn from the left cheek bone. Her right eye was also badly bruised.

Miss Marie Wells suffered bad bruises all over the body and her right foot was crushed, the bones protruding through the flesh. Several pieces of bone were removed by the physicians, and her mangled foot placed in splints.

Mrs. Nixon and Miss Kathleen Wells were uninjured.

The accident was seen by threshers at work in the field of Joseph Bright, a farmer, whose residence is located but a short distance from the scene of the accident. The men and Mr. Bright and his family went to their assistance and the injured parties were removed to his home.

Dr. Meyers and Dr. Jesse of Savannah were called and administered to them. They worked with their patients until 1 o'clock in the afternoon, when they took them to Ensworth hospital at St. Joseph in cars. They regard Mrs. Wells' injuries and those of her daughter, Marie, the more serious, and think that Burman Wells will be able to recover from his injuries before long. His weakened condition was due principally from the loss of blood. All three of the patients remained unconscious until about fifteen minutes before the physicians left with them for St. Joseph.

News of the accident was received in Maryville about 10 o'clock, and two other sons of the injured women, Harry and Robert Wells, left immediately for Savannah to bring home their brother, Burman, as he was the only one of the party that was known to be injured at that time.

Five cars were used in conveying the injured parties and the attendants to St. Joseph. Mrs. Wells was placed in Dr. Meyers' car and attended by him on the trip. Miss Marie Wells was placed in Dr. Jesse's car and attended by him, and Burman Wells was taken in a car by his brothers. The two other cars carried Mrs. Nixon and Kathleen Wells and others who came to assist the physicians.

The most anxious one among the relatives and friends in this city is Mr. W. R. Wells, husband and father, who remained at home. As known, Mr. Wells recently underwent two serious surgical operations in St. Luke's hospital in Chicago, and is only just recovering from the effects. His aged brother, Uncle Charley Wells of this city, is in St. Francis hospital slowly recovering from a runaway accident of last Friday morning, in which he was thought to be fatally injured.

Mr. I. W. Nixon called Ensworth hospital at 1:30 o'clock Wednesday afternoon to inquire about the victims of the accident. He talked with Mrs. Nixon, who tried to assure him that the accident has not resulted nearly so serious as was reported here, and said that physicians at the hospital did not think that the injuries to Mrs. Wells and her son and daughter were dangerous.

At 2:30 o'clock Miss Kathleen Wells called her father at his home in this city to tell him that they were not as bad off as was reported to him. She told him that Marie's injuries were more serious than the others, and that Burman and herself did not lose consciousness at any time. She said Mrs. Wells, Marie and Mrs. Nixon were all rendered unconscious when thrown from the car, and that Mrs. Nixon also sustained a few bruises and cuts about her eyes.

Mr. W. R. Wells will probably go to St. Joseph this afternoon.

### MRS. NICHOLS DEAD.

**Former Maryville Woman Died at Daughter's Home, Near Ravenwood.**

Mrs. Sarah J. Nichols, wife of C. A. Nichols, formerly of Maryville, died early Wednesday morning at the home of her daughter, Mrs. David Crater, four miles southwest of Ravenwood, from a stroke of paralysis she suffered last Saturday.

Mrs. Nichols was 69 years old. She and her husband had made their home with their daughter since leaving Maryville several years ago.

The funeral services will be held Thursday morning at 10 o'clock at the Crater home, conducted by Rev. J. Arthur Dillinger. Burial will be in Miriam cemetery at Maryville.

---

Mrs. T. W. Costello and daughter, Miss Mary, of Conception Junction, came to Maryville Wednesday morning to spend the day shopping. Mrs. Costello returned home Wednesday noon, but Miss Mary remained for a day's visit with her cousin, Miss Marguerite Cummins. Mrs. Costello was accompanied home by her niece, Miss Laura Johnson of Stanberry, who has been visiting relatives in the city.

In the greased pig race the money was divided between Kent Thompson, Ernest Foster and Wray Mahan, the three catching and sacking the pig. During this contest Clarence King, who is quite a horseman, became interested in the pig's age, and in trying to see its teeth had a finger severely torn, but no bad results are anticipated.

Messrs. Tremel and VanWormer will open their rink in Bedford next Friday night, and a number from here expect to attend the opening. Everyone here was sorry to see the rink leave, for the proprietors had gained considerable popularity because of their method in conducting the rink and their pleasant, gentlemanly conduct. We can heartily recommend these young men to the people of Bedford and vicinity.

"The skating rink is gones," is the lament of most of the young people, and a number of the elder ones, for Saturday night was closing night at the rink and Monday evening only dead grass marked the spot where it stood. There was an unusually large crowd Saturday night, being somewhere near five hundred people, skaters and audience. In the best lady skater [illegible] several good skaters were barred, having learned on other rinks. Miss Cora Fitch was awarded the prize.

Kansas City, July 31.—The state convention of the Progressive party convened at 4:30 p. m. and Judge Albert D. Nortoni of the St. Louis court of appeals, elected temporary chairman, called the convention to order.

It sat patiently through a hot summer day and with a directness, harmony and singleness of purpose more characteristic of crusaders than of delegates to a political convention, did the work that was waiting.

There was not a discordant note from the time the delegates marched into the Shukert theater, coats on arms, cheering for Roosevelt, until they adjourned.

**Flags Were Everywhere.**

The Shukert theater was profusely decorated with flogs. No political convention ever had a more beautiful setting.

There were differences of opinion in the convention. Many delegates wanted to nominate a state ticket. Many wanted to adopt a complete platform of principles. But on all essential points of Progressivism the delegates were a unit and did what they came to do with a fervor that was little less than exaltation.

**For Woman Suffrage.**

When the convention adjourned it had nominated presidential electors instructed to vote for Theodore Roosevelt for president. It had elected delegates to the national convention of the Progressive party in Chicago August 5, instructed to vote for his nomination. It had selected a state central committee, which is to organize the Progressive party in Missouri and place the names of its candidates on the ballots. It had adopted resolutions in the spirit of Roosevelt's declarations for social and industrial justice and adopted a declaration of principles that placed it squarely in line with the Roosevelt program. That declaration even included an indorsement of suffrage for women.

**Turned Down Taft Elector.**

So with the initiative, referendum and recall. A delegate rose to say there were those who wouldn't hesitate at the initiative or referendum, but who somewhat doubted the wisdom of incorporating the recall at this time. But the convention wanted them all, and said so, and on the adoption of the resolutions as a whole there was no dissenting voice.

There was manifested with all the cheerful harmony and spirit of fellowship a certain sternness of purpose in the convention that could not fail to be noticed. Chiefly it was in evidence in the insistent refusal of the delegates to permit a Taft elector to go on the Roosevelt ticket, although it was known that the elector in question was prepared to vote for Roosevelt. The convention would accept no explanation on that point. It would listen to no compromise. It stood out against all argument until it had its way, and then all its good nature returned in a twinkling.

**Adjourned Till Morning.**

When the convention began to wrestle with the vital problem of whether or not state, congressional and county Progressive tickets should be placed in the field for the November election, ex-Senator Rollins of St. Louis said it would do so much issues vital to success of the Progressive party the convention should adjourn until morning. After several motions it was finally decided to discuss the question for an hour and then adjourn until morning.

Mrs. J. H. Whedbee of Carthage, Mo., who has been visiting her son at Albany will arrive in Maryville Wednesday evening for a visit with Mr. and Mrs. John Bantz and other friends in Maryville.

**HOME ENDORSEMENT.**

**Hundreds of Maryville Citizens Can Tell You All About It.**

Home endorsement, the public expression of Maryville people, should be evidence beyond dispute for every Maryville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. A. Weidman, 403 E. Thompson street, Maryville, Mo., says: "I gladly re-endorse Doan's Kidney Pills and confirm the former testimonials I have given in their praise. I had pains in my kidneys and a dull ache across my back. These troubles were always worse after any change in the weather or when I took cold. I used different remedies with little success and was in despair when I had Doan's Kidney Pills recommended to me. I procured a box at Love's drug store (now Love & Gaugh's drug store) and they were just what my run down system needed. In less than a month I was free from the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

### DRAGGED BY A BULL.

**Charles Barrows, Living West of Maryville, Had Frightful Experience Wednesday Morning.**

Charles Barrows, a young farmer living four miles west of the city, met with a frightful experience Wednesday morning about 7 o'clock while leading a bull to his home from the farm of Thurman Dickerson, from whom he had purchased the animal.

Mr. Barrows' farm lies a mile north of Mr. Dickerson's, and he was leading the bull through Mr. Dickerson's pasture, which joins his place. He was leading the animal by a long rope with a loop at the end. The animal started to run and the rope slipped through his hands within a few feet of the loop, at the end in which his foot caught, throwing him to the ground. The animal kept on running and Mr. Barrows was dragged along on his stomach for a quarter of a mile, when the animal tired himself out running and stopped and looked at Mr. Barrows as though wondering what he was there for.

Mr. Barrows scrambled to his feet, thankful for his life. He turned the new purchase into his own pasture and then came to Maryville to Dr. F. M. Martin and had his wounds dressed. His hands and fore parts or his arms were badly skinned and bruised, and the skin was off his left side. Otherwise he was uninjured, and considered himself very lucky.

# STEAMERS CRASH IN DENSE FOG

Three Hundred Vacationists Returning Home, in Peril.

PASSENGERS ARE TRANSFERRED

Many Women and Children Thrown Into Sea But all Are Rescued—Neither Boat Equipped With Wireless.

Boston, Mass., July 31.—More than 300 returning vacationists from Maine resorts went through an ocean accident off the New Hampshire coast amid fog and darkness when the side wheel steamer City of Rockland, from the Kennebec river for Boston, had her bow crumpled in a collision with the collier W. M. Chisholm.

Stanch bullheads kept the Rockland afloat, while a smooth sea and the fact that the Chisholm swung alongside immediately after the collision enabled the passengers to be transferred to the collier without loss of life.

**Lifeboats Launched.**

At dawn the steamer Belfast came up and taking the City of Rockland's passengers off the Chisholm, landed them in Boston. The City of Rockland, although sunk to her guards, remained afloat and during the day was towed, stern first, to a dock yard at East Boston.

A few of the passengers suffered minor injuries from the collision. A score, mostly women and children, were thrown into the sea when the bow of a life boat fell from its davits. All were rescued. Six lifeboats were launched during the few minutes of excitement following the collision, but a majority of the passengers scrambled over the side of the collier from the deck of the Rockland.

**Speed Had Been Reduced.**

There was some confusion and considerable shouting, while the din of the distress whistles of the Rockland and the Chisholm, neither having wireless equipment, added to the excitement until the Belfast came plunging out of the mists to the rescue.

Because of the heavy fog the Rockland's speed had been reduced, when, about midnight, a whistle was heard directly ahead. A few minutes later the two vessels came together, the Rockland ramming the Chisholm on the starboard side near the bow. Both boats recoiled from the blow, the Chisholm with a big dent in her side, while the Rockland lost 25 feet of her bow as cleanly as if it had been sliced off by a knife. It took about an hour to transfer the passengers to the collier.

## CANADIAN ORE DOCKS GUARDED

Entire District Under Martial Law as Result of Strike Riots—Homes Searched for Weaqons.

Port Arthur Ont., July 31.—The entire Canadian Northern Coal and Ore Dock district here was put under martial law as a result of riots following the strike of the dock laborers in conjunction with those at Duluth and Superior.

Three hundred soldiers from the nineey-fourth regiment searched the homes of the strikers for weapons, following the reading of the riot act by Mayor Ray. Revolvers, knives and water-soaked slings were confiscated.

The men demand 30 cents an hour instead of 25 cents.

Angus McClellan, chief of police, who suffered a fractured skull in a clash with strike sympathizers, is still in a critical condition.

## WOMEN BECOMING POLITICIANS

Nine Have Filed as State Candidates in California, and One for Congress.

Sacramento, Cal., July 31.—Four hundred and sixty-five persons have filed with the secretary of state their petitions of candidacy for nomination at the primaries to be held in September. Of these there are eight women candidates for the state assembly, seven Socialists and one Democrat, and one woman candidate for congress, Mrs. Henen M. Stoddard of San Diego.

**Wheat Grades Changed.**

Topeka, July 31.—The Kansas grain grading commission held its annual meeting and fixed the qualifications for the different grades of wheat. Only minor changes were made in the grades of previous years. The only important change was that No. 2 dark hard winter wheat should not contain more than 10 per cent of yellow berries. Heretofore dark hard winter wheat could not have a single yellow berry or it would be thrown out of that grade.

**Gave Away Fruit.**

Fort Smith, Ark., July 31.—Wagon loads of golden peaches and luscious melons were given away free here when Fort Smith celebrated its first annual "peach and melon day" with 10,000 visitors. Two hundred members of the militia from Ola, Magazine, Paris and Dardanelle, now encamped at South Fort Smith, led a big parade.

# HOUSE REJECTS TARIFF BILLS

Sugar, Excise and Wool Measures Go Back to Senate.

AMENDMENTS NOT ACCEPTABLE

Entire Program Will be Discussed in the Morning and Some Concerted Action Will Probably be Decided Upon.

Washington, July 31.—With machine like precision, the house forced over all opposition, three tariff measures back upon the senate. They were the wool and sugar tariff revision bills and the excise tax bill, and all were sent back with none of the senate's amendments accepted.

On the wool bill no conference was asked. The house left it flatly to the senate whether that branch desired to pursue the legislation further.

**The Senate's Dilemma.**

The senate is still in a quandary as to what program it will adopt in further consideration of the three bills. The regular Republicans were reported to be favorable to a plan whereby they would absent themselves from the chamber, thus giving the Democrats a chance to pass the measures and send them along for the presidential veto. The Republican "insurgents," however, opposed this scheme and insisted that the differences where they are reconcilable, be threshed out in conference.

Senate Democrats, enjoying the Republican disagreement, will seek to take advantage of it. Some concerted plan of action probably will be adopted in the morning when the senate Democrats caucus on the wool measure. It is admitted that the whole tariff program will be discussed. The wool tariff revision bill was the first taken up in the house. There was virtually no debate. Motions by Mr. Payne and Representative Crumpacker of Indiana to concur in the senate amendments were voted down, 159 to 78, and 172 to 56. The last named vote automatically rejected the senate changes.

**Warned Against Free Sugar.**

Mr. Underwood next called up the excise tax measure. He charged the senate with having sought to kill the measure by tacking on as amendments the repeal of Canadian reciprocity and a provision for the continuation of the tariff board. The Canadian reciprocity amendment was lost, 127 to 107, while that providing for the tariff board met the same fate, 150 to 98.

The house free sugar bill was reached last. Representative Payne defended the amendment bill and warned the Democrats that they were seeking to sign the death warrant of the beet sugar industry in the country by taking off the duty.

The house voted for a conference, 141 to 84. The speaker then named as managers for the house in the conference representatives Underwood, Harrison of New York, Kitchin of North Carolina, Payne of New York and McCall of Massachusetts.

## SOCIALIST SPEAKER IS SOUSED

Georgia Fire Department Turned Hose on Woman Lecturer and Her Audience.

Tallapoosa, Ga., July 31.—In the midst of a socialistic lecture here Mrs. Kate Richards O'Hare of St. Louis was drenched with water and her audience dispersed by the fire department.

Standing in a motor car Mrs. O'Hare was delivering a bitter denunciation against the employment of children in cotton mills. Mayor Pearce ordered the marshal to place the woman under arrest, but it is said that official refused to carry out the order.

In the excitement someone turned in a fire alarm. The firemen responded quickly and the meeting ended abruptly when a powerful stream of water was directed into the center of the throng.

## CHICAGO BEER SALES DECREASE

Increased Use of Buttermilk Causes Marked Falling Off in Business of Breweries.

Chicago, July 31.—Consumption of beer in Chicago in the fiscal year ending June 30 last, fell off 35,000 barrels, according to the report of the local branch of the internal revenue department just made public. The decline in the sales of beer has been noticeable for months, according to dealers, who attribute it both to the high cost of living and to the use of buttermilk as a substitute drink. There was a decline also in the sale of internal revenue stamps for cigars amounting to $13,000.

**Took a Ride to Ravenwood.**

To the Democrat-Forum: At the kind solicitation of Ed Wallace, and seated behind one of John Tilson's best teams, we lit out for Jackson township, arriving at Jo Fogan's. We inquired of the landlady for the boys, and were directed to the hay field, where we found a force of men at work, and after a little talk we drove on to Richard McMahan's and found him busy in the grain field. He reports a great crop of small grain of a fine quality, with a good promise of a good corn crop. From here we drove to Ex-Judge W. T. Jackson, where we stopped, and being requested to take dinner, and it being high noon, and a reporter was never known to miss a meal or pay a bill, we complied with the request and refreshed the inner man. It was not of our volition that we stopped, but to our delectation. We enjoyed the hospitality accorded us on the occasion. Miss Pearl Jackson stands second to none in the culinary department, and to her we extend our thanks for the repast. Mrs. Jackson had her hands full attending two sick boys. Mr. Jackson's palatial residence stands on a high eminence overlooking the surrounding country for miles. "The babe on the Platte," Ravenwood, can be seen, and Mr. Jackson is president of the bank at that place, and finds time to look after his 1,800 acres of land, and is now feeding 126 steers and 250 head of hogs.

Taking our departure, we headed for Ravenwood, passing many fine farms in a high state of cultivation, with great crops of wheat and oats, which was mostly threshed, and the hay crop was never better. Arriving at Ravenwood we called on many of our old friends, David Flynn, F. H. Burns, Benton Smith, Madison Goodson and Emmett Bishop and others, which we were glad to see. We lingered until late, when we departed for home, and we enjoyed out ride very much.
